Re: City of St. Cloud Solid Waste Division
Annual Rear Door Collection application

Dear Sir or Madam:

According to our records you are a current rear door collection customer without extra charges for this service. This service applies to the household waste and recycling only, all other waste must be placed at the curb for collection.

This service is based on the inability to take garbage and recycling to the curb and it is not intended as a routine service for those who are able to perform the task. It is important to note that this service may be revoked by the Solid Waste Service Division at any time at their discretion, including but not limited to the improvement of health, physical abilities, addition of a live-in family, or an at home service provider. **It is necessary to review your request for this service each calendar year as certification expires annually on December 31.**

To qualify for the rear door household garbage and recycling collection ('Rear Door Collection'), residents must complete and sign the attached resident certification **AND** provide a letter from their primary care physician (on their letter head) attesting their need for public service. Return completed application packages to St. Cloud Solid Waste Division, 2705 Peghorn Way, St. Cloud Florida 34769. For questions you can contact our office at 407-957-7289.

If this service is no longer needed, simply do not respond and your address will be removed from our list.

Completed applications and renewal applications must be postmarked no later than January 2, for the requested service year. We cannot accept partially completed or packages without a letter from the primary care physician.

Thank you,

Naseem Ghandour, P.E.
Director of Public Works
