TIME

Fire Watch by the Fire Department is available upon request or can be put in place by the Fire Department if deemed necessary for the current fee at the time of work.

This permit is issued by City of St. Cloud Building Department. This, and all permits, is subject to a permit fee. Jobs are subject to inspection and may be terminated at the discretion of the Fire Safety Specialists if precautions are not in place.

Fax completed form to: 407.957.8412 before start of work.

Approval _____

REQUIRED PRECAUTIONS CHECKLIST

- Available sprinklers, hose streams and extinguishers are in service/operable.
- Hot work equipment in good repair.
- Occupants of the building must be notified if any fire detection/fire alarm systems have been placed on test mode.
- Ensure adequate ventilation.

Requirements within 35 feet of work:

- Flammable liquids, dust, lint and oil deposits removed.
- Explosive atmosphere in area eliminated
- Floors swept clean.
- Combustible floors wet down, covered with damp sand or fire-resistant sheets.
- Remove other combustibles where possible. Otherwise, protect with fire-resistant tarpaulins or metal shields.
- All wall and floor openings covered.
- Fire resistant tarpaulins suspended beneath work.

Work on walls or ceilings/enclosed equipment:

- Construction is non-combustible and without combustible covering or insulation.
- Combustibles on other side of walls moved away.
- Enclosed equipment cleaned of all combustibles.
- Containers purged of flammable liquids/vapors.

Fire Watch/hot work area monitoring:

- Fire watch will be provided during and for 30 minutes after work, including any coffee and/or lunch breaks.
- Fire watch is supplied with suitable extinguishers.
- Fire watch is trained in use of this equipment and in sounding alarm.
- Fire watch may be required for adjoining areas, above and below.
- Monitor hot work area for 30 minutes after job is completed.
